

# Job/Career Title

Industry Sector

Average Salary (\$)

Education Required (A.A., B.A., M.A., PhD, ect.)

## Job Description:

In this section of your project you will write 1-2 detailed paragraphs describing your ideal career. These paragraphs will include things like the job responsibilities, the work environment, the education or training required, and specific skills that you would need to attain this career.

## Rewards & Sacrifices:

Here you will describe which of YOUR values are satisfied by this career, and which of YOUR values are sacrificed. Are the rewards worth the sacrifice? Why or why not?

## Job Projection:

Are there career openings in this field? If so, where are the majority of careers in this field? Is it a growing field?

If not, how are you going to ensure that you can find a career in this field?

## Job Preparation:

In this section, describe how you are going to prepare yourself to pursue this career. What can you do in high school to get yourself ready/prepared for the education or training required for this career?
