

# OCCUPATION BINGO

Shared by Christine Remmen and Karen Aronowitz  
Miami Southridge High School  
Miami, FL

## INSTRUCTIONS

### Objective:

To expose students to the myriad occupations (traditional and, more importantly, non-traditional) available to them with the proper education and/or training. To help students gain some awareness of the correct titles for certain occupations, making their career research more productive.

1. Each student is provided with a **BINGO** card. Use the sample on page 2 or develop your own.
2. Instruct students to write occupational titles in each of the boxes. They can work in groups to brainstorm possible job titles, but should work on their own to decide in which box to place the title.
3. If desired, allow students to use one box as a FREE space. If a FREE space is not used, explain that nothing in the workplace is free.
4. Once students have finished writing the occupational titles on their **BINGO** cards, read from a pre-selected list of occupations. Refer to the *Dictionary of Occupational Titles* and the *Occupational Outlook Handbook*, and add to them.
5. As students find matches on their own **BINGO** cards for the job titles you read, have them mark through the box—making sure you can still read the job title written there.
6. Continue until someone has **BINGO** (five in a row).
